April 1, 2020

Dear President Leontiou,

The outbreak of COVID-19 had been confirmed in around 200 countries and territories around the world. Chinese Nursing Association is closely monitoring the global epidemic and the situation in Cyprus. Cyprus Nurses and Midwives Association plays a vital role in the fight against the epidemic in Cyprus. On behalf of Chinese Nursing Association, I would like to express my support of nurses, healthcare workers and public health officials in Cyprus who are working diligently to care for patient affected by COVID-19, and their efforts to control the spread of the outbreak.

Since the outbreak of COVID-19, the Chinese government has taken the most comprehensive prevention measures to fight against the epidemic, and has achieved positive results. Chinese Nursing Association stands in solidarity with our nursing colleagues, and is working closely with the government to help combat the outbreak.

CNA
Chinese Nursing Association

The dedication and vigour of Cyprus nurses and healthcare workers in the battle against COVID-19 exemplifies real professionalism and heroism. We would like to give support and assistance to your association through our Belt and Road Nursing Cooperation. Virus knows of no national boundaries, but the worst of times reveals the best in people. In defeating the epidemic, we would like to remain in close communication and coordination with Cyprus Nurses and Midwives Association, we understand that a stronger international cooperation is the key to overcome this challenge.

I wish for the safety of all Cyprus nurses and healthcare workers at the forefront of this battle. I have complete confidence in Cyprus's ability to contain the disease from further spreading and that the hardship will be overcome soon.

Yours sincerely,

Wu Xinjuan

President
